John Feraco, acting as substitute chair because Chairman Wiltrout could only attend over the phone, called the meeting to order at 8:30 am. He began by announcing the members joining the meeting by phone, and stated that Chuck Verrett's scheduled presentation on the Reclaim Project would be moved to the end of the meeting in case those on the phone who were unable to see the presentation needed to leave. Mr. Feraco then directed the board to pages 10-23 of the briefing book to review the consent agenda for approval. Ms. Andrews asked if there was any remedy for EARN performance numbers being short in the area of licensed counselor/social worker contacts. Mr. Riley explained that the recent EARN contract encouraged client contact with these workers, and

that the providers are trying to work that into the orientation process, but continued on to say that the main problem there is a lack of follow-through by clients. Mr. Fitzgerald asked why the EARN job placement numbers were so far below the goal. Ms. Cooley-Taylor responded by explaining that this data was only from the first month of the program year and that, as data was validated, the numbers would catch up with expectations. Mr. Feraco commended the board for taking the time to review the information provided in the briefing book and ask questions, as well as staff for providing clarifying responses. With no other questions, Mr. Feraco asked for a motion to accept the consent agenda. Ms. Ramusivich made the motion, and Mr. Hojdila seconded. All in favor, no opposed or abstentions, motion carried.

Next the board reviewed the 2022 meeting schedule found on page 24. Mr. Feraco asked if there were any questions. There being none, he asked for a motion to approve the schedule. Mr. Beichner made the motion, and Mr. Staszko seconded. All in favor, no opposed or abstentions, motion carried.

Mr. Russell then discussed the 2021 PA CareerLink® Certifications and Operator Review. He explained that all the PA CareerLink® offices participated, and he included one report to give the board an idea of the content. These reports had no findings, and an additional Equal Opportunity (EO) review was conducted along with an ADA walkthrough done by OVR. There were a few ADA findings to be resolved within 30 days, but no major issues were uncovered. Mr. Russell highlighted some promising practices from each office, including virtual services, job fairs, and specific stations to help customers with the unemployment ID.me identification process. Mr. Staszko explained a bit more about how ID.me helps verify unemployment compensation (UC) claimants, and how the process can be difficult and frustrating for people. Mr. Fitzgerald asked if the process could be improved somehow, and Ms. Gatts explained that the staff at the PA CareerLink® offices are doing everything they can, and any improvement to the system would have to occur at the state level as unemployment is not in the jurisdiction of workforce boards. She also commended the staff in the PA CareerLink® offices for going above and beyond to help customers through the UC process as much as they are able. Mr. Feraco asked for a motion to approve recertification of the four PA CareerLink® offices for 2022 and the PY 2021 Operator review. Ms. Andrews made the motion, and Mr. Staszko seconded. All in favor, no opposed or abstentions, motion carried.

Mr. Feraco next asked Ms. Gatts to give the Fiscal Report. She began by saying that while there were some PY20 funds remaining, after meeting with the Title I providers she doesn't foresee any issue spending those funds and moving to PY21 funds. Mr. Feraco asked if there are any areas of concern. Ms. Gatts responded that while there are no areas of major concern, there is a lot of Dislocated Worker funds remaining. Ms. Neil added that the beginning of the year has been slow, upcoming Incumbent Worker Trainings should be helpful in using the funds and that the Dislocated Worker funds could be shifted to Adult if necessary. Mr. Feraco asked if there was something the board should be doing differently. Ms. Neil replied that they needed to work on expanding their customer base in different ways, like through reentry and recovery programs, outreach to employers, and an awareness campaign the board and PA CareerLink® offices are working on. Mr. Feraco noted that the lack of employees facing employers is a problem that may be around for a while into the future. Mr. Villotti brought up that most economic development money is connected to the number of jobs that will be created, and that creating a certain number of jobs is often a condition of receiving funding. This limits the ability to support companies, and suggests to him that the metrics for economic development funding need to be reevaluated.

Following this discussion, Ms. Gatts directed the board to page 35 of the briefing book, where they could find the list of partners in the PA CareerLink<sup>®</sup> offices. She highlighted that despite the pandemic, no partners had been lost, and several new ones had in fact been gained. She then moved to page 36 to discuss the Financial Status Reports, highlighting the end of the Opioid grant, where around \$780,000 were spent and nearly 300 people served. Ms. Gatts said that the ARC Inspire Grant was helping to continue the work from the previous grant, and

said they were looking for employers who were willing to be recovery-friendly. She said because of the impact that these grants had with the recovering population, she was hoping for more funding in the future to continue working with those populations. Ms. Gatts asked the board if there were any questions. There being none, Mr. Feraco asked for a motion to accept the Fiscal Report. Mr. Fitzgerald made the motion, and Ms. Andrews seconded. All in favor, no opposed or abstentions, motion carried.

Ms. Gatts moved on to give the Director's Report, which she began by discussing the audit that was currently in progress. She said it should be completed by January, with the report ready sometime in February or March. She also said that it was time to put out an RFP for the audit for the next three program years. Ms. Gatts then talked about the state monitoring that had recently occurred, with the report beginning on page 47. She mentioned that the first finding was one that every workforce area in the state received, and that it was just that the state wanted COVID policy to be combined with the disaster and IT policies. She added that another finding about service delivery was due to the fact that certain required partners were not responsive to efforts to work with them. As resolution, she explained that they provided the state with evidence of attempts to reach out to the required partner for the migrant and seasonal farmworkers program. BWDA staff have stated that they will assistance in developing this partnership. In regard to the other required partner findings, she explained that the providers were already working with the PACLs and a partnership agreement should be relatively easy to develop. She then pointed out that there were two promising practices in the area of service delivery. She said that Finding #4 (on page 51) had been resolved with a staff training, and there were a few more promising practices in the area of administrative functions. Ms. Gatts told the board that Finding #6 had been partially resolved, and will be fully taken care of in the near future.

Ms. Gatts then directed the board's attention to the additional handout, which contained the WIOA Compliance Report, demonstrating compliance in expenditure of WIOA funding. Ms. Gatts reminded the board that it was early in the process of spending the funds, and that there was never really a time when the reports weren't coming back as expected and where they should be. Ms. Gatts then asked Mr. Russell to discuss the recent EO desk review. Mr. Russell said that after making adjustments based on the previous EO review, he doesn't anticipate their being many major issues found in this review.

Ms. Gatts moved on to discuss grant updates, found on page 58. She pointed out that for the Duquesne Light Company and German American Chamber of Commerce grant applications, the board would serve only as fiscal agent if those grants are awarded. She then highlighted that they had applied for funding for a Healthcare Industry Partnership, which had not previously existed in the Southwest Corner but has been talked about for some time. Applications were also sent for more funding for both the Building and Construction Trades and Advanced Manufacturing Industry Partnerships. She said for the EQT funds, there was a meeting scheduled with EQT in December, so things are moving forward with that grant. Ms. Gatts added that they had also applied for more Business Education Partnership funding (\$150,000 over 23 months) after the state didn't make that money available last year. Money from this grant is what pays for busing students to site visits and tours of local employers, Ms. Gatts said, making it very important funding for the board.

Ms. Gatts then asked the board to turn to page 61, and briefly discussed the COVID response. She said that in the recent meeting with the commissioners, they asked to be kept updated and agreed again to continue to follow CDC guidelines. She then wanted to explain to the board more about the awareness campaign mentioned earlier in the meeting by Ms. Neil. Ms. Gatts said that because many people don't know that the workforce board exists or what the board does, they are taking on a campaign to raise public awareness of the good things done by the board and the services available through the local workforce system. They also want to shift the view of PA CareerLink® offices from "unemployment centers," which they are often seen as, to "employment centers,"

putting the focus on what the PA CareerLink<sup>®</sup> offices and workforce board can actually do to help people. Mr. Fitzgerald asked what medium the campaign would utilize, and Ms. Gatts said all of them—social media, television, radio, newspaper, etc.

Ms. Gatts moved on to talk about the participating employers in On-the-Job Trainings and Incumbent Worker Trainings for the first quarter, listed on page 63 of the briefing book. She expressed that she felt the new employer outreach coordinator would help get participation from new employers.

Ms. Hall brought up several issues she has encountered in her job with the Beaver County Office on Aging. One problem is that they have not been able to hire someone to answer phones at their agency because there is no site for civil service testing in Beaver County, meaning anyone who wanted to apply for a job with them would need to drive into Pittsburgh to test. She wants to work to see if a testing site could be established in Beaver County to eliminate this barrier. The other issue she wanted to address is the current shortage of home health aides in Beaver County. Although Beaver County's main home health agencies have increased base salaries and are giving bonuses, the agencies are getting a lot of applicants or trainees who do not follow through with employment, which is a new experience for the agencies. These agencies are also in competition with retail and food service jobs that pay a higher wage. She hopes to see if there is any way to approach this issue. Mr. Staszko suggested getting in touch with the State Civil Service Commission about the potential for a testing site.

Mr. Feraco then asked the PA CareerLink® Operators to give the Operator Report. Ms. Neil began by introducing the board to Mr. Gratteri, the new representative of Pittsburgh Technical College on the Operator Consortium. Mr. Gratteri said he is the Associate Director of High School Relations, although he's starting to do a little more adult outreach as well. Ms. Neil stated that one accomplishment this past quarter was a Day of Action held at each PA CareerLink® site as part of a statewide event, with activities like job fairs held at each location. She added that there were two temporary positions still open for Pandemic Safety Officers in PA CareerLink® sites, with money for those positions lasting until the end of June. Ms. Neil went on to say that the State had recently partnered with Metrix Learning in creating the SkillUp PA system, which provides free online training to anyone through the state system. The Southwest Corner is one of the areas piloting the program, although the operators had not yet received information on the area-specific portal for the program. They plan to market the program to both employers and job seekers. Ms. Neil informed the board that in the Mon Valley office, they had been approached by the Training and Education Fund, and they will train, place, and follow up with participants. Ms. Neil asked the board if they had any questions about anything contained in the Operator Report.

Mr. Feraco asked the board to turn their attention to the Performance Reports included in the briefing books. He asked staff for an explanation as to why measurable skill gain was not meeting the negotiated level.. Ms. Neil replied that because this specific statistic was for youth, and from the first quarter of the program year, the inschool youth hadn't yet gotten progress reports or report cards that provide evidence of a measurable skill gain. She also noted that the number was ahead of where they were with the same statistic in 2020. It will, she said, increase throughout the year. Similarly, the Adult and Dislocated Worker measurable skill gain performance will trend up as the year goes on. Ms. Gatts pointed out that the only performance the state said they will be looking at is the 2<sup>nd</sup> quarter retention and 2<sup>nd</sup> quarter median earnings. Only 50% of the indicator needs to be reached to succeed in the category. With no additional questions, Mr. Feraco asked for a motion to accept the Performance Reports for PY 21. Mr. Hojdila made the motion, and Mr. Krupa seconded. All in favor, no opposed or abstentions, motion carried.

Mr. Feraco introduced Chuck Verrett, president and founder of Integra Marketing Group, to give a brief presentation on the Reclaim Project. Mr. Verrett's presentation gave an overview of the project, explaining that the project, based in Beaver Falls, helps those reentering society after incarceration by teaching them building and construction skills to prepare them for employment while helping the community by deconstructing condemned buildings and completing other community projects. In the pilot of the project, they plan to engage 15 people to tear down 36 homes. Mr. Verrett asked for the board's support and patience with the program as they pilot it in the future.

With no questions for Mr. Verrett, Mr. Feraco asked for any other or new business. Mr. Watt asked when the school/employer roundtable would be held in Washington County. Ms. Gatts said it would most likely be in February. There being no other new business, Mr. Feraco asked for any public comments. Ms. Gatts announced that Mr. Feraco would be retiring in January and wished him the best for his retirement. Mr. Feraco announced the next meeting will be held on February 22, 2022.

Mr. Feraco adjourned the meeting at 9:58 am.

### **MONITORING REPORT**

Twenty cases were reviewed this quarter from the Title I programs, ten each from Southwest Training Services and Job Training for Beaver County. The cases reviewed were found to be in compliance with regulatory requirements and documented positive impact on customers' lives. They demonstrated the staff's commitment to serving participants, even when presented with challenging cases or unresponsive clients.

The cases reviewed represented five adult, six dislocated worker, two in-school youth, five out-ofschool youth, and two in-school TANF Youth Development Program participants. Three of the dislocated workers are or were co-enrolled in the state Trade program, and three dislocated workers obtained their CDL and are now employed. Of adult participants, two are engaged in on-the-job trainings, and four have either been employed in or are completing training to be employed in the healthcare field. Of the out-of-school youth participants, two are working towards their GED, one is participating in on-thejob training, and two participants are enrolled in postsecondary training/education.

One case that stands out is that of a dislocated worker who had been making \$17.00/hr. at the machine operator job he was dislocated from. After CDL training paid for through WIOA funding, he was hired as a truck driver making \$38.28/hr., about a 125% increase from his former wage. It's important to remember that not every participant has an easy journey to employment. In one case reviewed, a participant, after completing two years of schooling to become a Licensed Practical Nurse, failed her licensure exam several times. She continued persistently, however, and finally passed, entering employment as an LPN making \$36/hr. in November 2021.

As in previous quarters, Unemployment Compensation claims seem to be bringing in the majority of foot traffic to the PA CareerLink<sup>®</sup> sites in the region. The staff at all four offices should be commended for the hard work they do to help these customers who are tired and frustrated, going above and beyond in attempts to assist with a program that isn't something they handle themselves and often still managing to have customers walk out the door feeling better than they did when they came in.

Overall, the Title I cases reviewed demonstrated effective use of funding, placing individuals into training that leads to a recognized postsecondary credential or employment in high priority occupations that provide them with meaningful, sustainable employment.

#### Southwest Corner Workforce Development Board WIOA Incumbent Worker Training (IWT) Policy

#### Purpose

The purpose of this policy is to articulate how Incumbent Worker Training (IWT) activities are to be operated in the Southwest Corner Workforce Development Board (SCWDB), encompassing Beaver, Greene, and Washington Counties. This policy will include funding under the Workforce Innovation and Opportunity Act (WIOA). SCWDB programs are operated on behalf of the Southwest Corner Chief Local Elected Officials Board.

IWT is designed to meet the needs of an employer or group of employers to retain a skilled workforce or avert layoffs. IWT can be used to either:

- Help avert potential layoffs of employees, or
- Obtain the skills necessary to retain employment, such as increasing the skill levels of employees so they can be promoted within the company and create backfill opportunities for less-skilled workers.

#### **Affected Parties**

This policy applies to individuals who will participate in an IWT project through their employer. IWT participants are not required to meet WIOA eligibility. SCWDB PA CareerLink®, SCWDB, and SCWDB Title I subcontractors are responsible for implementing this policy. Requirements for employers participating in an IWT are clearly outlined in this policy.

#### **Definition of Key Terms**

An "**Incumbent Worker**" is defined as an individual who has an established employment history with the employer for 6 months or more.

• There is one exception to this six-month requirement, which is in the event incumbent worker training is being provided to a cohort of employees, not every employee in the cohort must have an established employment history with the employer for six months or more as long as a majority of those employees being trained meet the employment history requirement.

#### WIOA IWT Funding Levels

Participating employers must pay a significant cost of the IWT training. This payment can be in cash or in-kind services.

SCWDB IWT POLICY 2018

Companies will be reimbursed up to \$8,000 per individual under the IWT contract for training costs utilizing a percentage of the total cost of the training and based on company size. This will assist in making IWTs available to more companies and more cost effective. SCWDB will consider exceptions to the cap on training funds and the reimbursement schedule below. Consideration for changes to the reimbursement schedule will be considered for trainings in which the recipient receives an industry recognized credential, for employers utilizing SCWDB IWT services for the first time, or for groups of three or more employers offering the same training to their employees. The reimbursement amount of the IWT to the employer may not be more than (unless an exception):

- 90 percent of the cost, for employers with 50 or fewer employees
- 75 percent of the cost, for employers with 51 to 100 employees; and
- 50 percent of the cost, for employers with more than 100 employees \*(Section updated 2/26/2019)

### **Eligibility Requirements**

Employer/Occupational Eligibility

- The employer must be an organization in a targeted industry cluster operating within Southwest Corner Workforce Development Area or designated PREP region and proposing to deliver the training to employees based within the Commonwealth of PA.
- IWT activities must be focused on in-demand occupations as identified by the SCWDB which advance employment opportunities for the incumbent worker, and which will contribute to the occupational development and upward mobility of the worker. (1)
- The employer must provide an employee training plan with projected training outcome benefits to the employee (industry-recognized credentials, advancement opportunities, wage increase, etc.) and the employer (increased productive man-hours, increased cost savings, increased profitability, etc.).
- The employer must provide documentation detailing cash and in-kind training cost company match.
- The employer will comply with the federal, state, and local policies and procedures designating the collection and dissemination of subsidized incumbent worker training performance information.
- Recent lay-offs and relocations. The employer must not have laid off workers within 120 days to relocate to Pennsylvania from another state. (2)
- The SCWDB will not enter an IWT agreement with an employer who has previously exhibited a pattern of failing to provide participants with continued long-term employment. (3)

#### Participant Eligibility

For an individual to qualify for IWT under the WIOA guidelines, he/she will:

- Have established employment history with employer for six (6) months or more, with exceptions listed above
- Employee must be employed in an in-demand occupation as identified by the SCWDB. (4)

#### Employers Share of Incumbent Worker Training Cost

• It is the responsibility of the employer receiving funds for incumbent worker training to contract with the provider of choice and pay the total contracted cash cost in advance of the cost-sharing determination. The employer is responsible for the non-Federal share of the cost of providing training to their incumbent workers. This amount must be at least 50 percent (non-federal share) of the total contracted cash cost. The federal cost share (not to exceed 50

SCWDB IWT POLICY 2018

percent) shall be paid to the employer in the form of a reimbursement.

- Employer reimbursement will be determined by the industry consortia need for the training in accordance with applicable policy. Consortia need is defined as two (2) or more requesting companies.
- The SCWDB will use official payroll records documenting the worker's hours and wages to track, document, and calculate the amount of the employer's share of the cost.

### Agreement or Contracting Process with Providers of Incumbent Worker Training

SCWDB program providers do not enter into contractual agreements with training providers. SCWDB program providers will enter into an agreement with the employer covering administrative, financial, and contractual incumbent worker grant requirements for the term specified in the agreement. For the purposes of these agreements, the employer is referred to as "The Vendor," as it is the employer that has supplied the training to its employee.

**Revision Explanation Section:**

Dear Ms. Gatts:

The Bureau of Workforce Development Administration (BWDA) has received the corrective action plan (CAP). #### Bureau of Workforce Development Administration Southwest Corner Local Workforce Development Board Compliance and Oversight and Southwest Corner Local Workforce Development Area Fiscal and Procurement Systems Analysis and Review for Program Year (PY) 2020 Review conducted by Oversight Services staff member: Jennifer Nestor

#### Dates of Desk Review/Onsite Analysis: October 2020 - August 2021

#### SUMMARY

The Bureau of Workforce Development Administration (BWDA) conducted Program Year (PY) 2020 monitoring of the local workforce development area's (LWDB) fiscal and procurement systems and the local workforce development board's (LWDB) compliance and oversight functions.

#### Site(s) Visited

Due to COVID-19 restrictions, monitoring was completed remotely for PY2020.

A summary of identified findings are as follows:

#### REVIEW

#### **1. PROCUREMENT AND SUBCONTRACTS**

No findings or concerns were identified in this section.

#### 2. LWDB POLICIES AND AGREEMENTS

#### Concern #1: Continuity of Operations/Disaster Plan

**Observation:** The local area has an IT Information System Policy that was last revised January 2017 which outlines system backups and password changes. In June 2020, the local area developed a '*COVID-19 Remote Service and Eligibility Determination Protocol*' which outlines remote Workforce Innovation and Opportunity Act (WIOA) eligibility determination procedures. The protocol remains in place until physical distancing is no longer required or when operations return to normal.

**Recommendation:** Due to the pandemic closures and restrictions, the last revision date of the IT Information System Policy, and the temporary nature of the '*COVID-19 Remote Service and Eligibility Determination Protocol*', it is recommended that the local area develops, implements, and regularly evaluates a comprehensive Continuity of Operations/Disaster Plan policy to ensure administrative and operational requirements for federal awards can be sustained during emergency situations. It is recommended that the IT section of the policy include policies and procedures for remote work, CWDS/system of record access, and obtaining/accessing equipment that allows the entity to quickly pivot to remote service should the need arise in the future.

**BWDA Evaluation Result Based On December 2021 Response:** The LWDB plans to procure an IT agency to advise and assist with the process of updating the *IT Information System Policy* to incorporate the *COVID-19 Remote Service and Eligibility Determination Protocol* and other necessary items. Expected date of completion is April 1, 2022.

#### **3. SERVICE DELIVERY**

#### Finding #1: Migrant and Seasonal Farm Worker Programs

**Observation:** The local area may not be utilizing all employment and training programs under the Migrant and Seasonal Farm Worker programs. In the PY2020 Section2/Service Delivery of BWDA's monitoring tool, the local area listed that required migrant and seasonal farmworker programs were performed by L&I's Bureau of Workforce Partnership and Operations (BWPO). While the State Monitor Advocate, who monitors migrant and seasonal farmworker programs at the state level, is employed by L&I, BWPO does not provide migrant and seasonal farmworker services. The PathStone Corporation has a state contract to provide migrant and seasonal farmworker services commonwealth-wide. PathStone is the required partner for which to refer migrant and seasonal farm workers for further program assistance. Foreign Labor Certification (FLC) is listed on the local Operating Budget dated July 1, 2020; however, PathStone is not listed by name. BWDA provided technical assistance to the local area on 01-05-2021. This finding was also recorded in the BWDA PY2018 & PY2019 monitoring reports.

Citation: WIOA §121(b)(1)(B)(i); 20 Code of Federal Regulations (CFR) §678.400(b)(1) (i)(vii).

**Required Action:** The LWDB must provide evidence of contact with PathStone to develop a relationship which leads to local service delivery, a local referral method, and inclusion on the Memorandum of Understanding (MOU) and Operating Budget (OB). BWDA will consider this finding resolved once we have received written confirmation from the LWDB that a relationship with PathStone Corporation has been developed, the MOU/OB has been updated, a written referral protocol has been developed and shared with staff, and acknowledgement per staff of training on the new referral protocol has been received by BWDA.

**BWDA Post Initial Findings and Concerns Evaluation Result:** This finding was *PARTIALLY RESOLVED* on October 13, 2021, when the LWDB submitted evidence of attempted contact with PathStone via email on June 17, 2020, January 8, 2021, and June 15, 2021. The LWDB states that multiple attempts to contact via phone and email have gone unanswered. BWDA will assist the local area with securing a direct contact at PathStone in order to complete the required action.

**BWDA Evaluation Result Based On December 2021 Response:** This finding remains *PARTIALLY RESOLVED* as the LWDB continues to attempt contact with PathStone to establish the required partnership. Further technical assistance has been requested and will be provided by BWDA. The LWDB must provide an update on its progress in resolving the finding or its plan to resolve the finding within 30 days of the date of the letter.

# Finding #2: US Department of Housing and Urban Development (HUD) Employment and Training Programs

**Observation:** The local area may not be utilizing all employment and training programs through HUD. In the PY2019 Section 2/Service Delivery of L&I's monitoring tool, the local area listed "NA for now, we will be surveying local HUD providers to see if any receive employment and training funds and gauge interest in partnering at local PACL centers". In the PY2020 Section2/Service Delivery of L&I's monitoring tool, the local area left the required partner field blank. In fiscal year (FY) 2020, HUD awarded Resident Opportunity & Self-Sufficiency Program (ROSS) grant funding to the Housing Authority of the County of Beaver and to Blueprints in Washington County. ROSS is designed to assist residents of public and Native American housing make progress toward economic and housing self-sufficiency. BWDA provided technical assistance to the local area on 01-05-2021.

Citation: WIOA §121(b)(1)(B)(x); 20 CFR §678.400(b)(10).

**Required Action:** The LWDB must provide evidence of contact the Housing Authority of the County of Beaver, Greene County Housing Authority, and Washington County Housing Authority to determine if Family Self-Sufficiency (FSS), ROSS, and/or Jobs Plus programs exist, and if so, develop a relationship to cultivate service delivery, a local referral method, and inclusion on the MOU and OB. It is recommended that the LWDB staff engage with the chief local elected officials (CLEOs) to encourage connection with the local housing authorities to support the local are by becoming an active required partner. The CLEOs can also promote the grant programs and encourage the local housing authorities to apply for future funding. BWDA will consider this finding resolved once we have received written confirmation from the LWDB that a relationship with the appropriate HUD service agencies have been developed, a written referral protocol has been developed and shared with staff, and acknowledgement per staff of training on the new referral protocol has been received by BWDA.

**BWDA Evaluation Result Based On December 2021 Response:** This finding is *PARTIALLY RESOLVED* since the LWDB engaged leadership at Blueprints and the Housing Authority of Beaver County who have expressed willingness to develop a partnership. The LWDB states that these agencies have established working relationships with the PA CareerLink® centers within the local area. The LWDB plans to have the required referral process developed by April 1, 2022 and incorporate both agencies into the PY22 Southwest Corner MOU, which is effective July 1, 2022. The LWDB must provide an update on its progress in resolving the finding or its plan to resolve the finding within 30 days of the date of the letter.

#### Finding #3: Programs authorized under Section 212 of the Second Chance Act of 2007

**Observation:** The local area may not be utilizing all employment and training programs under the Second Chance Act of 2007. In the PY2020 Section2/Service Delivery of L&I's monitoring tool, the local area left the required partner field blank. In fiscal year (FY) 2020, the Office of Justice Program (OJP) awarded a Second Chance Act Pay for Success Initiative: Outcomesbased Contracting To Lower Recidivism and Address Substance Use Disorders Through Reentry and Housing Services grant funding to Beaver County. The grant funding is designed to provide

payment for services to reaching agreed upon goals in order to enhance public safety, lower recidivism, and improve the lives of those coming out of the criminal justice system. BWDA provided technical assistance to the local area on 01-05-2021.

Citation: WIOA §121(b)(1)(B)(xii); 20 CFR §678.400(b)(12).

**Required Action:** The LWDB must contact the Beaver County CLEO to obtain additional information about the specific grantee. The LWDB must provide evidence of contact with the grantee to develop a relationship to cultivate service delivery, a local referral method, and inclusion on the MOU and OB. BWDA will consider this finding resolved once we have received written confirmation from the LWDB that a relationship with the Beaver County CLEO has been developed, the MOU/OB has been updated, a written referral protocol has been developed and shared with staff, and acknowledgement per staff of training on the new referral protocol has been received by BWDA.

**BWDA Evaluation Result Based On December 2021 Response:** This finding is *PARTIALLY RESOLVED* since the LWDB engaged the Beaver County CLEOs to identify the Second Chance Act grant recipient as the Beaver County Behavioral Health and Development Services (BCBHDS). BCBHDS is considered an associate partner (not on the MOU) at PA CareerLink® Beaver County. The LWDB plans to further develop the partnership into practice by April 1, 2022 and incorporate BCBHDS into the PY22 Southwest Corner MOU, which is effective July 1, 2022. The LWDB must provide an update on its progress in resolving the finding or its plan to resolve the finding within 30 days of the date of the letter.

#### 4. SUNSHINE ACT

No findings or concerns were identified in this section.

#### 5. LWDB ADMINISTRATIVE FUNCTIONS

# Finding #4: Individual Employment Plan (IEP) and Individual Service Strategy (ISS) data entry omissions

**Observation:** As of October 5, 2018, all Workforce IEP/ISS functions were migrated to CWDS 2.0. Case file reviews indicate that Workforce staff/case managers complete a physical paper IEP/ISS for each participant.

The case files of PID #5711407, PID #5763029, PID #5707307 were reviewed but did not have an IEP/ISS in the system of record. The case files of PID #5406524 was reviewed and the IEP was not updated to reflect progress or change. The case files of PID #990590, PID #5791723, PID #5739270, PID #5772688, and PID #5522436 were reviewed and the IEP/ISS remains unsigned by the participant.

**Citation:** Workforce System Policy (WSP) No. 01-2015 (Change 1), Pennsylvania's System of Record Policy, Training and Employment Guidance Letter (TEGL) No. 39-11, Guidance on Handling and Protection of Personally Identifiable Information (PII).

**Required Action:** CWDS/PA CareerLink® is the system of record for the participant tracking of WIOA, Wagner-Peyser and Trade Adjustment Assistance (TAA) programs. All participants served by these funding streams must have their services and activities entered into CWDS/PA CareerLink® expeditiously to ensure a common record. All workforce development activity must be entered into CWDS/PA CareerLink® to ensure compliance with federal and state statutes, regulations, and policies. Immediately discontinue the use of IEP/ISS documents in any other system/form other than CWDS/PA CareerLink® and ensure that PA CareerLink® staff receive updated training on IEP/ISS data entry. BWDA will consider this finding resolved once the LWDB has provided copies of its training plan, training materials, and signed staff training logs or some other verification confirming their understanding of their responsibilities to document IEP/ISS within CWDS/CWDS 2.0 as outlined by WSP No. 01-2015 (Change 1).

#### BWDA Post Initial Findings and Concerns Evaluation Result: This finding was RESOLVED

on October 13, 2021, when the LWDB submitted copies of its training plan, training materials, and signed staff training logs from October 12, 2021 (Southwest Training Services, Inc.) and October 13, 2021 (Job Training for Beaver County, Inc.) to confirm understanding of the responsibilities to document IEP/ISS information within CWDS/CWDS 2.0.

#### Finding #5: Outdated version of the Statement of Family Size/Family Income

**Observation:** ISY case file of PID #5777418 used an outdated Workforce Investment Act (WIA) version of the WIOA Statement of Family Size/Family Income. The most current version of the form can be accessed on CWDS – Help – List of Policies and Procedures – Workforce Innovation and Opportunities Act (WIOA) - Appendix C of WSG 04-2015 – Statement of Family Size/Family Income.

**Citation:** Workforce System Guidance (WSG) No. 04-2015, Self-Certification and Telephone/Document Inspection Verification – Initial Implementation of the Workforce Innovation and Opportunity Act (Change 1) Appendix C.

**Required Action:** Ensure that the youth providers are trained on how to access the most current version of the WIOA Statement of Family Size/Family Income. BWDA will consider this finding resolved once the LWDB has provided copies of its training plan, training materials, and signed staff training logs or some other verification confirming their understanding of their responsibilities to document the Statement of Family Size/Family Income as outlined by WSP No. 04-2015.

**BWDA Post Initial Findings and Concerns Evaluation Result:** This finding was *RESOLVED* on October 13, 2021 when the LWDB submitted copies of its training plan, training materials, and signed staff training logs from October 12, 2021 (Southwest Training Services, Inc.) and October 13, 2021 (Job Training for Beaver County, Inc.) to confirm understanding of the responsibilities to access and document the Statement of Family Size/Family Income.

#### Concern #2: Lack of a system record regarding Business Services activities

Observation: Following are examples of on-the-job training (OJT) case files reviewed:

• PID #5207262 and PID #5406524: The participants were referred to the CWDS job postings but the status of the applications were updated to 'Not Hired'. A 'Visit' employer service was entered for one case file which mentioned the OJT, and a 'Follow-Up Call' employer service was entered for the other case file which mentioned the OJT.

• PID #5289271: The participant was referred to the CWDS job posting but the status of the application remained in 'New Referral'. An employer service was not entered for the OJT.

**Recommendation:** Workforce staff and PA CareerLink® registered employers should encourage applicants to apply to the open/active job posting on the PA CareerLink® system, or the PA CareerLink® staff member should refer the applicant to the open/active job posting on the PA CareerLink® system prior to receiving funding for an OJT. Business services staff at the PA CareerLink® should update applicant statuses accurately, and data enter employer and 'Workforce OJT Contract' services with accurate contract dates and detailed notes.

**BWDA Post Initial Findings and Concerns Evaluation Result:** This concern was *RESOLVED* on October 13, 2021, when the LWDB submitted copies of its training plan, training materials, and signed staff training logs from October 12, 2021 (Southwest Training Services, Inc.) and October 13, 2021 (Job Training for Beaver County, Inc.) to confirm understanding of the responsibilities to document and update OJT job postings, employer services/notes.

**Citation:** Workforce System Policy No. 01-2015 (Change 1), Pennsylvania's Workforce System of Record (Change 1); TEGL No. 39-11, Guidance on Handling and Protection of Personally Identifiable Information (PII), PA COVID-19 Disaster DWG (PA32) Participant Tracking Instructions, September 3, 2021.

**Required Action:** All participant and employer must have their services and/or activities entered into CWDS/CWDS 2.0 expeditiously to ensure a common record. BWDA will consider this finding resolved once the LWDB has provided copies of its training plan, training materials, and signed staff training logs or some other verification confirming their understanding of their responsibilities to document the services and case activities as outlined by WSP No. 01-2015 (Change 1). BWDA also requires data entry of case progress notes in the CWDS/CWDS 2.0 case file for PID #2247334 to resolve this finding.

**BWDA Post Initial Findings and Concerns Evaluation Result:** This finding was *PARTIALLY RESOLVED* on October 13, 2021, when the LWDB submitted copies of its training plan, training materials, and signed staff training logs from October 12, 2021 (Southwest Training Services, Inc.) and October 13, 2021 (Job Training for Beaver County, Inc.) to confirm understanding of the responsibilities to document services and case activities in CWDS. #### Covid-19 Response Update

Pennsylvania CareerLink <sup>®</sup> offices opened on June 15, 2020 for all staff. On July 1, 2020 we started seeing individuals by appointment only. We also temporarily implemented and A Team and B Team rotation, so if there was a COVID exposure, the site could be reopened to the other team, after cleaning. This was for all of our PA CareerLink<sup>®</sup> sites. All supervisors returned to in person work full-time (with no team rotations) on May **17, 2021.** All PACL staff were permitted to return to full-time in-person work on June 7<sup>th</sup>, 2021. The majority of partners have returned to all in person or a hybrid version that includes in person. All health recommendations from the Governor's office are being followed.

- Created a Pandemic Response Team that included our Workforce Board Director, Fiscal Staff, PA CareerLink<sup>®</sup> Operator Consortium and PA Career<sup>®</sup> Site Administrators. Our team virtually met on a weekly basis to discuss programming needs and updates, opportunities for improvement and the development of a "post-pandemic" plan for the safe reopening of our One Stop Centers.
- Provided virtual case management and career counseling services to both new and existing customers. They have been able to meet with our staff on a regular basis to ensure they are receiving the services they need and staying on track for program success;
