Briefing Book for Quarterly Board Meeting

Tuesday, August 30, 2022

The mission of the Southwest Corner Workforce Development Board is to develop policies, oversee public funds, and procure services that will help employers and job seekers throughout Washington, Greene and Beaver counties. Job placement assistance, education, training and counseling will be offered in order to achieve a skilled workforce and economic development throughout the region.

Mr. Terry Wiltrout, Chairman

Chairman Wiltrout called the meeting to order at 8:05 am, and began by welcoming everyone and thanking them for attending. Before getting to the business of the special meeting, Chairman Wiltrout asked members of the board to review the minutes from the May 31 meeting of the workforce board for approval. He asked for a motion to approve the minutes. Mr. Chesleigh made the motion, and Mr. Goberish seconded. All in favor, no

opposed or abstentions, motion carried. Moving on to the purpose of the meeting, Ms. Gatts gave an overview of events that had occurred with Job Training for Beaver County, Inc. (JTBC) including fiscal meetings where she and Mr. Russell had noticed and warned JTBC that things didn't look right financially, saying that with no changes they would be significantly over budget for the year, especially if they met the 30% training requirement.

From February to June, staff costs for JTBC increased by \$79,000. Mr. Russell said that without action, JTBC would have begun PY 22-23 short on funds, and with suggested cost saving changes they would have just a small amount to operate. The initial WIOA Adult and Dislocated Worker allocations would not be enough to cover costs in the 1st quarter of the program year. Ms. Gatts stated that deeper cuts would be required to save money and be able to operate. She mentioned poor choices that had been made there, like high raises to individual staff members and improper handling of negotiations for union raises. She recommended a reorganization of JTBC and the dismissal of their director and head of fiscal. Chairman Wiltrout said he is frustrated with what was done with money there, and that he feels it's important that services can continue to be provided in Beaver County. He feels they should be given a 3-month period to turn things around after reorganization before termination of contract is considered as an option. He also commended Ms. Gatts and Mr. Russell for all their work in figuring everything out. Commissioner Irey-Vaughan said that she was in favor of following the recommendations of Ms. Gatts. Mr. Chesleigh also said he was in favor of the recommendations. Ms. Gatts explained that while they can't make JTBC follow the board's recommendations, SCWDB can tell the JTBC board that if they don't follow the recommendations, they won't receive any money as a result of not meeting contracted conditions. The Greene County Commissioners also voiced agreement with the recommendations.

Ms. Gatts added that despite the issue in Beaver County, the workforce development area as a whole would meet the requirements of having funds 80% spent and obligated and 30% spent on training for PY21. Commissioners Irey-Vaughan and Sherman stated they wouldn't be willing to give any money from Washington County to Beaver because of mistakes made in Beaver County. Mr. Villotti expressed that his major concern was continuity of services for Beaver County, and asked if the board should put out an RFP concurrently with the JTBC realignment to save time in the event things didn't work out. Commissioner Manning spoke up to add that he wouldn't want to take money from other counties, and added that he finds what happened disappointing. Further, he also agrees with the recommendations of Ms. Gatts. Mr. Russell stated that putting services out for RFP would cause some complications, since there are multiple providers in the workforce area and Youth services were procured separately from Adult and Dislocated services. He also noted that Adult, Dislocated and Youth services would be put out bid for the Program Year 23. Ms. Gatts also expressed concern that summer youth programming activities would disrupted if services were procured.

Ms. Gatts mentioned to the board that she was still not 100% sure the budgets they were looking at for JTBC were accurate. Commissioner Manning said he wants to be involved in the process of realignment for JTBC. Mr. Russell mentioned that this issue could be discussed again at the board's August meeting. Mr. Villotti asked if the RFP was strictly based on cost proposal or also qualifications. Mr. Russell responded that the RFP took both qualifications and cost.

Ms. Gatts then defined the recommendations for the board to approve as: required reorganization of JTBC before a contract could be extended to them, with a deadline of September 30. Ms. Bigler made the motion, and Mr. Chesleigh seconded. All in favor, no opposed or abstentions, motion carried.

WDB STAFF REPORTS

Chairman Wiltrout informed the board that next steps would be a meeting with the JTBC board to inform them of and discuss SCWDB's decision, after which the board would be informed of the outcome of this discussion. He again commended Ms. Gatts and Mr. Russell for their hard work in sorting everything out.

Mr. Hojdila said he felt it was in the board's best interest to fix what they already had in JTBC, adding that it would be more cost-effective than trying to start fresh. Mr. Goberish added that JTBC was an effective and important part of the Beaver County community. Mr. Russell said that overall, JTBC program performance had been good. Mr. Riley spoke up to say that he didn't disagree with the recommendations and that he takes full responsibility for bad decisions. He added that he was happy the board was willing to try to let JTBC continue to do work and help people. Mr. Blackwell said that while he was unsure what level of oversight the JTBC board had over the activities that occurred, they could follow the recommendations and continue to serve Beaver County. Mr. Fitzgerald agreed that it was best to keep training services moving in Beaver County. Ms. Timpano said that she appreciated being invited to the meeting as a member of the JTBC board, and that she felt it was important to discuss the issue with a focus on continued support of Beaver County citizens.

Chairman Wiltrout again said that he appreciated everyone's attendance and participation, and told the board that outcomes would be communicated to them as things moved forward. Chairman Wiltrout adjourned the meeting at 8:58 am.

WDB STAFF REPORTS

MONITORING REPORT

19 cases were reviewed this quarter, nine from Job Training for Beaver County and ten from Southwest Training Services. The cases reviewed were found to be in compliance with regulatory requirements and documented positive impact on customers' lives.

The cases reviewed represented 6 adult, 5 dislocated worker, 5 out-of-school youth, and 3 in-school youth. Industries or occupations that participants have entered training and/or employment in include: truck driving (CDL), Heavy Equipment Operation, Diesel Technology, Registered Nurse, welding, HVAC, Insulator, IT, Dental Assistant, maintenance, and pool installation. One participant is completing an OJT, and one of the youth participated in a Summer Work Experience. Additionally, one out-of-school youth participant obtained their GED.

One interesting story from this quarter's files in that of a man in his fifties who had been dislocated from a job at PNC Bank. In a huge career shift at this point in life, he went to school and earned his CDL, eventually getting hired as a truck driver for \$29.06/hr. Another participant, a woman in her 30s, began as an apprentice with the Insulators Union just as the pandemic began. Despite pandemic challenges and the difficulty of being a woman in a traditionally male field, she excelled and successfully completed the first two years of the apprenticeship while maintaining a close with her case manager. When she was exited from the program moving into the 3rd year of her apprenticeship, she was making \$28.04/hr. Sometimes less successful stories can also demonstrate the dedication of caseworkers and clients to achieving better outcomes. For example, one 20 year-old youth reentrant, after a successful work experience, started to slip on attendance during an OJT with the same company. As a result of his poor attendance, the OJT was terminated. However, his case worker did not give up on him and continued to encourage him to be better and more accountable. Eventually, he was employed again in a full time job as a general laborer making \$14/hr.

Overall, the Title I cases reviewed demonstrated effective use of funding, placing individuals into training that leads to a recognized postsecondary credential or employment in high priority occupations that provide them with meaningful, sustainable employment.

This quarter, yearly PACL monitoring was also completed. With the full opening to the public really taking shape this past year following pandemic closures, the CareerLink sites were able to hold successful in-person job fairs in the fall and the spring. Foot traffic is rising again but still largely driven by those dealing with unemployment compensation. In the past quarter the pressure of dealing with UC claimants has been partially relieved with UC assigning UC reps to be in each of the PA CareerLink offices several times a week. By appointment, they meet with people who are struggling with their UC benefits and have more ability to help then than the CareerLink staff, who seem to appreciate their presence at the sites. One concern identified by several site administrators was a lack of participation in workshops, both in-person and virtually. In the upcoming year, figuring out ways to improve participation in workshops will be something the offices focus on, as they look to continue to provide the highest quality services to the areas they serve.

PY23 Local Plan

- PY23 Local and Regional plan initial submissions will be due to the state on February 24, 2023.
- The SCWDB will need to approve both plans at the November 29, 2022 meeting. Plan drafts will be sent to the members prior to the meeting for review.
- Once plan drafts are reviewed and approved by the state and the WDB, it will be put out for public comment for 30 days.
- After comment period, the WDB will be required to approve both plans again. This will likely occur at the May 2023 WDB meeting.
- Initial planning meeting are scheduled to begin during the second week of September 2022.

PY20 BWDA Monitoring Report

- This report (included on page 38) is in response to the Southwest Corner Corrective Action Plan submitted to BWDA
- The response from BWDA resolves the final finding that is outlined below.
- Southwest Corner summary of resolved finding:
 - Pathstone is the statewide program provider for the Migrant and Seasonal Farmworker Program, which is a required PACL partner. They have agreed to provide cross training to Southwest Corner PACL staff and make appropriate participant referrals.
 - o All other findings and concerns were previously resolved.

Washington Greene County Job Training Agency, Inc. PY21 Audit RFP

- Procurement for Audit services for PY21 (current program year) are in the process of being completed.
- 2 proposals were received.
- WGCJTA, Inc. Corporate Board Members and Staff will score the proposals.

Beaver County WIOA Subrecipient Update

- Update letter from Director Gatts was sent to members on August 3, 2022. (Included on page 39)
- Job Training for Beaver County, Inc. (JTBC) has followed all recommendations from WDB staff. Those recommendations included both staff reductions and operational cost reductions.
- JTBC is proceeding with plans to close stand-alone operations, and intends to offer all services through PACL Beaver County. Communications with lessor are ongoing.
- PACL Beaver County space will need to have space reconfigured to accommodate all JTBC services and staff.
- Total July 2022 expenditures for JTBC were \$97,652, which is a reduction in costs. Prior monthly expenditures were as follows:
 - o February 2022- \$106,346
 - o March 2022- \$102,359
 - o April 2022- \$169,223
 - o May 2022- \$108,745
 - o June 2022- \$166,136
- \$50,000 in statewide activity funds for training related costs in Beaver County were requested from the PA Bureau of Workforce Development Administration. Recent communications indicate that these funds will be approved in the near future.

WDB STAFF REPORTS

July 1, 2022

Ami Gatts, President Washington-Greene County Job Training Agency, Inc. 352 West Beau Street, Suite 300 Washington, PA 15301

Dear Ms. Gatts:

The Bureau of Workforce Development Administration (BWDA) has received the corrective action plan (CAP) dated April 18, 2022. The CAP was received in response to the remaining finding identified during the Program Year (PY) 2020 monitoring of the local workforce development area's fiscal and procurement systems and the local workforce development board's (LWDB) compliance and oversight functions. Monitoring was conducted in accordance with the Workforce Innovation and Opportunity Act (WIOA) and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; Final Rule, 2 Code of Federal Regulations (CFR) Chapter I, Chapter II, Part 200, et al.

BWDA has reviewed the LWDB's response. PathStone has agreed to sign the Southwest Corner MOU for PY2022. BWDA is currently engaged in discussion with PathStone leadership to clarify partnership requirements for local MOU participation and contributions. PathStone has agreed to deliver an upcoming training to the LWDBs to provide sufficient information for program staff to make appropriate participant referrals.

The corrective action resolves the remaining finding.

Please convey BWDA's appreciation to all staff members involved for the assistance they provided. If you have any questions, please don't hesitate to contact me by phone at 717.787.6352 or by email at ghart@pa.gov.

Sincerely,

August 3, 2022

Dear Commissioners

I wanted to send a brief update of the progress we've made in the reorganizing of Job Training for Beaver County (JTBC) since we last met. I have attached the final reports for June 30th and at a quick glance you can see that they didn't hit their training numbers as we predicted, but we were able to move some ITA expenses into other grants and free up some funds. They didn't end with a negative balance as they would have without making the staffing changes we recommended.

In the time since the meeting, we have also worked with them to right size their staff fully. They have 10 full time staff and 2 part-time staff (who do not work on WIOA programs). Their landlord has been informed that they don't have the funding to continue in their lease. We will continue to work to see the process through. We are also reconfiguring the PACL space in Beaver to hopefully accommodate all of the JTBC remaining staff as well. The Title I in Washington and Greene is and has always been located in our PACL's. The board for Job Training for Beaver County will also be restructured to create the best representation for Beaver County.

The state has reached out and offered some assistance to address the training funds issue. We are currently working on a request for other funds that can support our training expenses so that we may continue to serve eligible participants.

We have taken a look at their PY22 funds and expenses and have determined that as a worst-case scenario JTBC will end June 2023 with:

- \$24,762.78 in Adult
- \$88,396.96 in Dislocated
- \$18,744.05 in Youth
- \$20,000 Unrestricted Funds \$151,903.69

While this is not the 20%, we would want them to have at the end of the year, it is certainly a much better picture than we thought could happen so quickly. We are also committed to taking over the fiscal reporting and oversight moving forward from this year's closeout and effective July 2022, we began presenting the fiscal report to JTBC's board of directors during their monthly meetings. I look forward to seeing you all on Aug. 15th at the CLEO meeting.

Sincerely,

Ami Gatts, Director

Grant Updates

New Applications:

WORC Grant

SCWDB was asked by the state to collaborate with them and the Luzerne-Schuylkill workforce board on an application for Workforce Opportunity for Rural Communities (WORC) Initiative funding to serve substance use and reentry populations in our local areas. The project would place individuals in these populations into training in in-demand fields, and provide incumbent worker training for workers whose jobs impact these communities. SCWDB is requesting \$675,000 over a 3-year period.

EDA Build Back Better Program

The SCWDB is partnering with the members of the SWPA New Economy Coalition to apply for funding related to the EDA Build Back Better program. The funding would support transforming local business for the future around technology focusing on Robotics/Al/Autonomy. The project is requesting \$1,250,000 over a 5-year period for the Southwest Corner.

Program Updates:

Healthcare Industry Partnership

SCWDB was awarded \$100,000 to convene a Healthcare Industry Partnership in the Southwest Corner, with the goal of bringing regional healthcare providers and organizations together to address their current demand for a qualified talent pipeline. Funding will support convening activities, training, and retention for healthcare employers. In partnership with the Westmoreland-Fayette WDB and using Statewide Activities funding, leaders and participating employers have been identified, forming the Healthcare Employment Ecosystem, and several meetings have been held. The main focus identified by the partners is improving recruitment and retention. In the 4th quarter of PY 21, 14 healthcare organizations were involved between the two workforce areas. The Statewide Activities funding ended on June 30. With this project as a starting point, the Southwest Corner's Healthcare Industry Partnership under the Industry Partnership grant funding is scheduled to have its first meeting on August 23, 2022.

Advanced Manufacturing Industry Partnership

SCWDB's Advanced Manufacturing Industry Partnership was awarded \$144,000 to support activities of the Advanced Manufacturing Industry Partnership. This funding will be utilized with a focus on promoting local manufacturing careers to students in secondary and post-secondary education (partially through creation of an outreach video) and upgrading the skills of the current workforce with employer-aligned trainings. The 25 active business partners have been very engaged and have participated in other events hosted in the Southwest Corner, such as employer-educator roundtables and the Manufacturing Focus Group held earlier this year. Currently, the partnership is working on developing a training needs matrix that will lead to planning of consortium-based training that meets the needs of partners.

• Building and Construction Trades Industry Partnership

SCWDB was awarded \$250,000 to support activities of the Building and Construction Trades Industry Partnership operating in Beaver, Greene, and Washington Counties. This funding will be utilized with a focus on promoting local construction careers to students in secondary and post-secondary education and upgrading the skills of the current workforce with employer-aligned trainings. SCWDB has built a strong connection and continues a growing relationship between workforce and the regional joint apprenticeship programs as related to prevailing wage job opportunities at the Shell Cracker Plant and other power plants. Also, there are many building and construction companies with long histories working throughout the regional area. These employers face many obstacles in their work, including but not limited to recruitment of minorities, women, and veterans, and replacing an aging workforce. Upcoming partnership meetings will determine exactly how these funds can most benefit the industry locally. Like the manufacturing partners,

SOUTHWEST CORNER WORKFORCE DEVELOPMENT BOARD

WDB STAFF REPORTS

partners in the trades have been important parts of employer-educator roundtables. In all, the IP funds supported 1,780 training opportunities for building trades apprentices during the 4th Quarter.

• Business-Education Partnership (BEP)

SCWDB was awarded \$150,000 for the Business-Education Partnership for the period of February 2022 through December 2023. The funds will support activities that connect schools, educators, and students to employers, such as providing transportation to and from events, site tours of local employers, and summer youth activities. Activities and events supported by the BEP serve to foster and strengthen relationships between local schools and employers.

PY20 BEP program was extended through June 30, 2022, all grant goals will be met or exceeded and it will be fully expended. The last portion of funding was used to support summer youth activities that include mentorships, camps and work experience. Because of COVID we have instituted some initiatives to offer some programs virtually and that has been successful. As of the end of this funding on June 30, 3,767 students have been served through activities under this grant. These activities have continued with the new funding awarded from the state for the period of February 2022 through December 2023, with 1,258 students served under this funding as of June 30.

EQT Foundation

The Compass Program of Greene County works to give at-risk youth (grades 6-12) the tools necessary to lead a productive life and stay out of the criminal justice system by addressing the six life domains of work, education, relationships, community, health and creativity. Through academic and counseling support, as well as job and soft-skill training, we hope to reduce recidivism and high school drop-out rates among our participants. The Compass Program meets twice weekly after school at the PA CareerLink® Greene County office. Optional Saturday mornings and/or summer sessions for students may also be assigned by Children and Youth Services, juvenile probation, school principals or local judges. In addition, Compass assists students who wish to attend voluntarily or at their parent's request. The SCWDB was awarded \$10,000. Program activities have begun. 8 students attended the first sessions, and the program was well received by those students. A survey will be conducted at the end of the program to get feedback and testimonials from the participants. Once survey results are analyzed a second session will be planned for the first semester of the school year.

Appalachian Regional Commission- Inspire Grant

SCWDB continues operations of the Substance Abuse Grant through ARC. This grant includes our regional partners and cover 9 Counties, Allegheny, Armstrong, Beaver, Butler, Greene, Fayette, Indiana, Washington and Westmoreland. The INSPIRE Initiative makes funding available for projects that address the substance abuse crisis by creating or expanding a recovery ecosystem that will lead to workforce entry or reentry for individuals in recovery from substance use disorder (SUD). Projects are encouraged to support the post-treatment-to-employment continuum, which could include investments in healthcare networks that support substance abuse recovery professionals; recovery-focused job training programs; and initiatives designed to coordinate or link recovery services and training, among others. This grant will continue and expand our prior work with the Opioid NEG. Monthly project partner meetings are held to provide technical assistance and gauge progress towards grant goals. Participant and Employer services are being provided and initial results have been positive and indicate that grant goals should be met. To date, the grant has assisted 80 workers and 23 employers.

PA Smart Dual Apprenticeship Program

In collaboration with the Pittsburgh Chapter of the German American Chamber of Commerce (GACC), the SCWDB was awarded \$250,000 in funding to support GACC's regional Dual Apprenticeship and Pre-Apprenticeship Program. This program addresses skills gaps in the regional advanced manufacturing workforce through the German dual training model, in which young people split time between traditional classroom education, related technical instruction (RTI), and on-the-job training (OJT). The

Dual Apprenticeship Program has been registered by the Pennsylvania Department of Labor and Industry (L&I), and has earned approval from the Pennsylvania Apprenticeship and Training Office (ATO) and the Federal Committee on Apprenticeship. As of June 30, 2022, the program has assisted 120 job seekers (44 apprentices and 76 pre-apprentices).

• PA Smart Beaver County Non-Traditional Pre-Apprenticeship Ecosystem

This grant that was developed to recruit and prepare nontraditional and diverse populations for building trades careers in Beaver County. This is a partnership between the SCWDB, Beaver County Building Trades, Beaver County CTC, and Community College of Beaver County, along with a number of community and social service groups. The initial focus was on putting in place the recruitment team and developing the MC3 class schedule and location. The Pandemic has impacted the location and schedule. Still, 6 classes have been completed so far, including one made up of graduating seniors from the Beaver County Career and Technology Center and on in partnership with the Reclaim Project, a new nonprofit that educates and trains returning citizens in carpentry, plumbing, electrical work, HVAC, flooring, and drywall. As of June 30, 2022, the program has served 73 participants.

PA Steel Alliance Industry Partnership

The SCWDB was awarded \$145,000 to convene and Implement a PA Steel Alliance Next-Gen Sector Partnership in Beaver, Greene, and Washington counties. The partnership focuses on supporting costs related to coordinating and funding electrical and mechanical maintenance worker training. To date, the partnership has supported Incumbent Worker Training for Structural Welding, Hydraulics, and Arc Flash Welding. A new grant award of \$250,000 from the state will help continue this work. In the 4th quarter of PY 21, the partnership had 6 participating steel industry employers.

Youth Re-Entry

The Youth Reentry Cooperative Network (YRCN) is a collaborative project between the Southwest Corner Workforce Development Board and the Westmoreland-Fayette Workforce Development Board. Though COVID 19 has required some creativity for recruiting both WDBs began outreach and recruitment of eligible Individuals in need of additional training and/or employment assistance including those interested in other High Priority Occupations for ITAs continues. As of the program's completion on June 30, 2022, the program has enrolled a total of 68 out-of-school-youth offenders: 10 have enrolled in a program leading to a high school diploma or its equivalency, 5 have enrolled in post-secondary learning, 8 have enrolled in career and technical education programs, 14 have engaged in blended academic and occupational training, and 34 have been placed in employment (26 full-time, 8 part-time).

• National Dislocated Worker Grant - COVID 19 Grant

SCWDB was awarded funds as part of a National Dislocated Worker Grant addressing the COVID 19 pandemic. Funds have been used to provide workers to assist at vaccine clinics and create temporary positions at PA CareerLink Offices and other local worksites. Over the last few months, providers were able to expand the program to include long term unemployed and to assist businesses with needs that were caused by the pandemic. This broadening of the program was a great benefit for the area. From the beginning of the program on May 26, 2020 through its end on June 30, 2022, 36 workers were enrolled in the program.

<u>Job Training for Beaver County – Summer Camps 2022</u>

JTBC Camp July 11 through July 15

Beaver County Career and Technology Center (BCCTC)/JTBC

- Graphic Arts ~ Campers used Apple based design programs to create designs that they then
 programmed to be transposed onto acrylic from a GlowForge laser printer. The design would
 then fit into a base that plugs into a computer and can be programmed to display in different
 colors. The campers were thrilled to take their individual designs home as keepsakes. (2 days)
- Culinary ~ Campers learned how to work safely in a kitchen setting. They mixed ingredients to
 make bread/biscuits, donuts and icing for the donuts. They also made homemade pasta, made
 noodles with pasta machines, heated marinara sauce and created their own Alfredo sauce. For
 dessert they make no bake cookie dough. They were able to take home all of the extra food
 made. (2 days each)
- Photography (4H from Penn State) doing a photography workshop with the 4-H Youth Educator from Penn State. The camp participants were taught lines, angles, shading and lighting. They practiced each skill learned and then were tasked to pit it all together and submit 2 pictures to be judged for a winner. All pictures submitted were very creative. It was difficult to pick a winner but the top three pictures were chosen and award medals were given to the winners.

Ready Yourselves Youth Ranch ~ Deb Landsbaugh from Juvenile Probation provides an 8 week camp, two days a week for 12 criminal justice involved youth pairing abandoned or neglected horses with campers. Campers learn all aspects of animal care while building feelings of support, encouragement, and celebrating accomplishments. Camp runs from June 13 through August 26, 2022. JTBC supports this camp with \$10/day stipends per eligible participant. We are currently supporting 8 campers.

SOUTHWEST CORNER WORKFORCE DEVELOPMENT BOARD WDB STAFF REPORTS

Step-Up Camp ~ Rick Mattia from Community Alternatives provides a summer vocational and skills enhancing program. The purpose of Step-Up is to assist young adults with identifying needs and values associated with their development through active presentations, hands-on activities, independent living skill building, and other personal empowerment events. Camp runs from July 11 through August 5, 2022. JTBC supports this camp with \$10/day stipends per eligible participant. We are currently supporting 7 campers.

JTBC Camp July 18 through July 22

Community College of Beaver County (CCBC)/BCCTC/Keystone Wellness/JTBC

CCBC provided two days of activities on campus. Day 1 included a welcome by the college
President Dr. Davis, pathway exploration tours of the Construction and Process Technology
departments, college here and now/athletics, lunch and fun game activities. Day 2 consisted of a
welcome and pathway exploration of Cybersecurity (w/activity) and Computer Science, E-Sports
presentation and activities, student life activity, lunch and fun game activities.

Beaver County Career and Technology Center (BCCTC)

Cosmetology ~ Campers were taught the importance of good health as a baseline for good skin and hair. They also learned about correct and incorrect hair/nail/skin products and its effects.
 Campers learned about nail care, skin care and hair care. After a few hands-on activities the instructor participated in a lengthy Q/A all about cosmetology, nail and hair salons and being an employee in the industry versus a shop/business owner.

Keystone Wellness

 A representative from Keystone Wellness offered a presentation about the dangers of vaping, smoking and nicotine. Interactive activities and audience participation led to a spirited discussion about the cons of vaping or smoking and the benefits of never starting or stopping.

JTBC

Crime Scene Investigation Camp Activity ~ Campers participated a murder mystery that let them
be cold case detectives. The task of the activity is to prove the falsely accused's innocence and
convict the real killer. The campers were provided articles, photos, witness statements,
mugshots, and suspect interrogation forms.

JTBC Camp July 25 through July 29

Beaver County Career and Technology Center (BCCTC)/Community Service Project

 Construction Camp ~ Steve Beck, originally from Beaver Falls School District, now residing in Florida, made a return visit to facilitate the construction camp. Mr. Beck taught the campers the proper use of hand and power tools and all related safety procedures. The campers were able to measure and cut wood for their projects. They built tool boxes, trinket boxes and flower boxes.
 Once the projects were assembled, they were able to create and paint their own creative designs.

While the campers were in the CTC they were treated to a comprehensive tour of all of the programs offered by two very helpful and informative employees.

SOUTHWEST CORNER WORKFORCE DEVELOPMENT BOARD WDB STAFF REPORTS

Community Service Project ~ Communicycle

• Communicycle is a community organization and ministry that uses bikes to connect individuals and other community organizations to each other. We collect used bikes and parts to provide a way for children (and adults) to have a fun and safe bike to ride. Building relationships and reconciling our communities, all through the simple act of repairing bicycles. Repairs are performed at no cost and you can learn how to repair your own bike, or receive a bike through volunteering in your community. Campers repaired on approximately 35 bicycles which were immediately loaded onto a trailer to be distributed at events throughout beaver County.

JTBC Camp August 1 through August 5

Community Service Project ~ Communicycle (Day 2, same as above) After the second day of community service activities the owners of Communicycle asked to become a paid work experience worksite. They have since referred a prospective client.

Job Training for Beaver County

- Keystone Wellness ~ A representative from Keystone Wellness offered a presentation about the dangers of online gaming and gambling. She explained the brain reacts the same way to gambling and gaming as to cocaine. Campers were engaged in a great discussion about the dangers, how easily is it to become addicted, adults in the industry promote these bad behaviors through advertising and how to remove yourselves from get caught in these traps.
 JTBC staff members reviewed work expectations, financial literacy/budgeting, beginning to build resumes and practiced mock interviews. These skills will all be useful as most of the campers will turn 16 during the school year and will be looking for their first job.
- Marketing & Brand Strategy Entrepreneur ~ Seth Whitted presented information about being a Content Creator. He discussed the importance of marketing, sponsors, ads, niche opportunities, and product sales. Campers discussed the importance of branding and reaching a supportive audience. They also discussed trends, media, and social information. Campers then participated in a mock podcast complete with cameras, lights and microphones. Mr. Whitted started the discussion and let the campers take over. They did an outstanding job talking about growing pains of their generation, social issues and positives and negatives, mostly negatives on rap music. They experienced what it felt like to participate in a "real" podcast setting. All campers conducted themselves in a professional manner with next to no redirection.
- Crime Scene Investigation Camp Activity ~ Campers participated in another murder mystery that
 let them be cold case detectives. The task of the activity was to prove a closed case unsolved
 murder and find evidence to convict a killer. The campers were provided articles, photos,
 witness statements, mugshots, and suspect interrogation forms. After doing the first activity the
 campers couldn't wait to jump into the second activity. This activity was more challenging than
 the first. But to no one's surprise, they used all of their detective abilities and solved this case as
 well
- STEM Activity ~ Campers built programmable robots and Sphero SPRK+ STEAM Educational Robot ball with programmable lights. Robots are designed to inspire curiosity, creativity, and invention through connected play and coding. Robots can be programmed through a fee app

WDB PROGRAM DATA REPORTS

State Provided Quarterly Reports

The 4th Quarter PY 2021 **DRAFT** performance reports are now available. Detailed aggregate results of participants served and outcomes achieved, as well as the summary report of Common Measure outcome data for all local areas and the state are being provided for your review. This information should be taken into account when negotiating performance.

Useful Definitions

- Percent of Goal Achieved (% LvI) = Actual Performance/ Negotiated Rate
 - Each Percent of Goal Achieved must be at or above 50% of Goal
- State Indicator Scores: Average Indicator Score across the Program = Average[Σ(Actual Performance/Adjusted Goal)]
 - Each Average Indicator Score must meet 90%
- State Program Scores: Average Program Score across all indicators = Average[Σ(Actual Performance/Adjusted Goal)]
 - Each Average Program Score must meet 90%

Measurement Cohorts

WIOA guidance stipulates performance applies only to those participants who exited or were participating on or after July 1, 2016. Outcomes are measured for different cohorts, or groups of exiters, as soon as data necessary for the calculations are available. The following defines the timeframes used for each of the measures in the reports being distributed for Program Year 2020:

Eliza Arentz, Statistician Manager PA Department of Labor & Industry Center for Workforce Information & Analysis 651 Boas Street, Room 220 Harrisburg, PA 17121

Dear Eliza Arentz,

This letter is to provide an explanation for any of the Southwest Corner Workforce Development Area's requests to have a performance goal set for the PY2022 or PY2023 WIOA Title 1 programs that are less than the levels currently being achieved. The primary factors that influenced these requests was past performance over the most recent program years and PY2022-23 estimated performance provided by CWIA. Explanations for each performance measure is as follows:

WIOA Adult

Employment Rate 2nd Quarter after Exit: Requested rates are higher than current performance. Employment Rate 4th Quarter after Exit: Requested rates are higher than current performance. Median Earnings 2nd Quarter After Exit: Requested rates are higher than PY2020 performance, but are lower than PY2021 performance. Requested rates are also an increase over PY21 negotiated level. PY21 lower unemployment rates and high demand for employees pushed median earning rates to a higher level. The Southwest Corner does not anticipate these factors to persist for the foreseeable future, and anticipates this rate to return to levels that were previously established. PY2022-23 estimated levels of performance on the negotiation tool provided agrees with this assessment. Estimated level of performance is \$7,396, which aligns with requested rates.

Credential Attainment Rate: Requested rates are lower than current performance, but an increase over previously negotiated rates. PY2022-23 estimated levels of performance on the negotiation tool indicate that credential attainment rates will decrease to closer to 75%, which aligns with requested rates. Measurable Skill Gains: Requested rates are lower than current performance, but an increase over previously negotiated rates. Although final performance in both PY20 and PY21 exceed requested rates, quarterly performance indicates that obtaining these skill gains is a difficult task for program providers. Q3 performance in both PY20 and PY21 was below requested rates. PY2022-23 estimated levels of performance on the negotiation tool indicate that measurable skills gains will be significantly below requested rates. The estimated level of performance is 45.3%, which is approximately 25% below requested rates.

WIOA Dislocated Worker

Employment Rate 2nd Quarter after Exit: Requested rates are higher than current performance. Employment Rate 4th Quarter after Exit: Requested rates are higher than PY20 performance, but slightly lower than PY21 performance. PY2022-23 estimated levels of performance on the negotiation tool

WDB PROGRAM DATA REPORTS

estimates that performance will be approximately 5% below requested rates. Available information indicates current levels of employee retention may be higher due to shortages of available job seekers. *Median Earnings 2nd Quarter After Exit*: Requested rates are higher than PY2020 performance, but are lower than PY2021 performance. Requested rates are also an increase over PY21 negotiated level. PY21 lower unemployment rates and high demand for employees pushed median earning rates to a higher level. The Southwest Corner does not anticipate these factors to persist for the foreseeable future, and anticipates this rate to return closer to levels that were previously established. PY2022-23 estimated levels of performance on the negotiation tool provided agrees with this assessment and are in alignment with requested levels.

Credential Attainment Rate: Requested rates are lower than current performance, but an increase over previously negotiated rates. PY2022-23 estimated levels of performance on the negotiation tool indicate that credential attainment rates will decrease to close to requested rates.

Measurable Skill Gains: Requested rates are lower than current performance, but an increase over previously negotiated rates. Although final performance in both PY20 and PY21 exceed requested rates, quarterly performance indicates that obtaining these skill gains is a difficult task for program providers. PY2022-23 estimated levels of performance on the negotiation tool indicate that measurable skills gains will be significantly below requested rates. The estimated level of performance is 42.2%, which is approximately 20% below requested rates.

WIOA Youth

Employment Rate 2nd Quarter after Exit: Requested rates are lower than current performance, but requested rates are an increase over previously negotiated rates. Over the last 2 program years, the Southwest Corner has worked hard to develop a recruiting pipeline for disadvantaged youth through the areas Youth Reentry program and Opioid NEG. Those programs have ended and those participants will now be enrolled in WIOA Youth only. Program statistics indicate that the success rate of this population is lower and will impact retention rates.

Employment Rate 4th Quarter after Exit: Requested rates are lower than current performance, but requested rates are an increase over previously negotiated rates. Over the last 2 program years, the Southwest Corner has worked hard to develop a recruiting pipeline for disadvantaged youth through the areas Youth Reentry program and Opioid NEG. Those programs have ended and those participants will now be enrolled in WIOA Youth only. Program statistics indicate that the success rate of this population is lower and will impact retention rates. Estimated levels of performance for PY2022-23 algin with requested rates.

Median Earnings 2nd Quarter After Exit: Requested rates are lower than current performance. Requested rates are an increase over PY21 negotiated level. PY21 lower unemployment rates and high demand for employees pushed median earning rates to a higher level. The Southwest Corner does not anticipate these factors to persist for the foreseeable future, and anticipates this rate to return closer to levels that were previously established. In the current job market, younger adults have changed or quit jobs at a high rate, which impacts median earning rates.

Credential Attainment Rate: Requested rates are lower than current performance, but an increase over previously negotiated rates. PY2022-23 estimated levels of performance on the negotiation tool indicate that credential attainment rates will decrease to close to requested rates.

Measurable Skill Gains: Requested rates are lower than current performance, but an increase over previously negotiated rates. Although final performance in both PY20 and PY21 exceed requested rates, quarterly performance indicates that obtaining these skill gains is a difficult task for program providers. PY2022-23 estimated levels of performance on the negotiation tool indicate that measurable skills gains will be significantly below requested rates. The estimated level of performance is 49.3%, which is approximately 17% below requested rates.

WDB PROGRAM DATA REPORTS

The Southwest Corner WDA requested rates of performance for PY 2022-23 all exceed the negotiated rates for Pennsylvania. In some cases, by a significant margin. The Southwest Corner Workforce Development Area thanks you for information provided to assist with calculations and for your consideration of our requested rates of performance. Please feel free to reach out to me if further information of explanations is needed.

Sincerely,

Ami Gatts, Director
